## Property details

On Punta Diamante, facing the sea and Pichilingue Diamante, in the bay of Puerto Márquez, the ecological subdivision of residential lands Ecos del mar will be built.

Buy a piece of land facing the sea, with payment facilities (work started in March 2024), build your house and obtain the highest capital gain you can receive in the real estate market.

The Ecos del Mar Fractionation will be built on an area of 62,081 m2, made up of 12 plots of land adjacent to the sea, 25 plots of land in the mountains and 2 plot of land to build 20 apartments and 10 villas on each lot, to accommodate a total of 73 families in the Fractionation.

37 single-family lots

The subdivision will have a Sea Club where there will be a swimming pool, spa, gym, restaurant, children's area, funicular, as well as an access gate to the subdivision, access street.

Each lot will have the right to 2 parking spaces, plus parking for visitors.

There will be construction regulations.

Start of work: Spring 2023, Construction duration of 36 months.
