Property Status and Insurance: Sold "as is" after Otis. The condominium does not have insurance, but a reconstruction cost estimate is available.

Location and Surroundings: This apartment is for sale in the Galapagos Condominium in Acapulco, located on Avenida de las Palmas, in the Playa Diamante area. Condominium Features: The Galapagos Condominium has only 24 apartments in an area of 10,000 square meters. This spacious distribution means that residents can enjoy a quiet and ample environment due to the low density of the properties.

- A wading pool (*chapoteadero*) for the little ones.
- A sunbathing area (*asoleadero*).

- An elevator for greater convenience.
- Children's playground (*juegos infantiles*).
- Most importantly, 24-hour security to ensure peace of mind and privacy.

Apartment Details: The apartment for sale is spacious, with an area of 276 square meters, which provides a large and comfortable living environment.

- It features four bedrooms, each with its own full bathroom, which provides privacy for residents and is ideal for families or hosting guests.
- Additionally, it includes a large living room, dining room, and a terrace with a jacuzzi, perfect for enjoying the views.
- It also has a kitchen, a service room (or utility/maid's room), linen closets for additional storage, and parking for one car.
